Duquesne University: Assistant Professor, Biological Sciences

The Department of Biological Sciences at Duquesne University, Pittsburgh PA, invites applications for a full-time tenure-track Assistant Professor. Successful candidates will join a group of faculty with expertise in cell biology, molecular biology, physiology, microbiology, evolutionary and ecological genetics, and neuroscience working within a robust and collaborative research environment across departments and schools on campus. Additional information about the Department can be found at http://www.duq.edu/biology. Duquesne University enrolls approximately 10,000 graduate and undergraduate students and is located in downtown Pittsburgh, which is consistently ranked among the most livable cities in the United States, with numerous educational, cultural, and recreational opportunities.

Duquesne is committed to the teacher-scholar model, where excellence is expected in both education and research. The successful applicant will develop a vigorous, externally-funded, independent research program within the broad areas of developmental biology, organismal biology, or cell/molecular biology, and will be expected to contribute to teaching in one of our undergraduate concentrations (Evolutionary and Organismal Biology, Physiology, or Molecular Biology), and will develop a graduate course in their area of expertise. Applicants are expected to mentor PhD and undergraduate students in their laboratory. Competitive salary and start-up packages are available.

Requirements:
Applicants must possess a PhD and have post-doctoral experience.

Application Instructions:
Applicants should submit a cover letter, CV, statement of research, and teaching philosophy, and arrange for three letters of recommendation. All application materials should be submitted via Interfolio to: https://apply.interfolio.com/57004. Review of applications will begin November 15, 2018 and continue until the position is filled. Please direct questions about the position to biologysearch2019@duq.edu.

Motivated by its Catholic and Spiritan identity, Duquesne values equality of opportunity as an educational institution and as an employer. Duquesne University is committed to attracting, retaining and developing a diverse faculty that reflects contemporary society, serves our academic mission and enriches our campus community. As a charter member of the Ohio, Western PA, and West Virginia Higher Education Recruitment Consortium (HERC), we encourage applications from members of underrepresented groups and support dual-career couples.
