

**Assistant Professor
Biology
LIU Post**

Long Island University Post (LIU Post), one of the nation's largest private institutions of higher learning, is seeking a qualified faculty member for a tenure-track Assistant Professor of Biology position for September 2017 or January 2018. Applicants must have an earned doctorate. An active research program which includes mentoring graduate and undergraduate students is expected. Responsibilities will include teaching Human Anatomy and Physiology and elective courses in their area of expertise, engagement in department activities and events, committee work, research and scholarly activities.

Salary is commensurate with degree, experience, and qualifications. LIU Post also offers an excellent fringe benefits program. Please direct any questions regarding this position to the biology chair: tbrummel@liu.edu

For consideration, please forward your letter of interest, Curriculum Vitae, statements of research and teaching interests and three letters of references to:
