

Assistant Professor in Biomedical Sciences

The Department of Biomedical Sciences in the College of Health Sciences at Marquette University in Milwaukee, WI is seeking applications from individuals devoted to a career involving biomedical-related instruction to undergraduate, post-baccalaureate and health professional students to fill a full-time non-tenure track faculty position. Specific areas of teaching include nutrition, human physiology and pharmacology.

Marquette University is a Catholic, Jesuit, university located on a beautiful urban campus just minutes from downtown Milwaukee and close to the parks and beaches of Lake Michigan. Marquette offers undergraduate programs in 83 majors and 79 minors, in addition to 64 master's and doctoral programs and a School of Dentistry and Law School. Marquette ranks 86th in the 2017 edition of *America's Best Colleges*, released by *U.S. News & World Report* and bestowed the "Changemaker Campus" title by the Ashoka Institute, a leader in social entrepreneurship.

The Department of Biomedical Sciences is a research-intensive department that is responsible for teaching a broad medically-oriented curriculum to a variety of undergraduate and health professional students, including students in the Marquette University School of Dentistry and Master's Program in Physician Assistant Studies.

Our non-tenure track teaching faculty are equal contributors to the department's mission. As a result, the successful applicant for this position will be compensated at a level comparable to our tenure-track, research-oriented faculty including an excellent salary and benefits package.

Teaching requirements include courses in nutrition, pharmacology, and human physiology, including a physiology lab course. Experience teaching health professional (medical, dental, physician assistant) students is desirable, but not required. Additional duties will include academic advising. The successful candidate will be expected to be a full and active participant in the Biomedical Sciences department and engage in service activities at the college/university level.

A doctoral degree or comparable terminal degree is required. The expected start date is in July or August of 2017.

Applicants are requested to electronically submit a cover letter specifying qualifications for the position, a curriculum vitae, a teaching statement, and the names, affiliation, e-mail address and phone numbers of 3 references through the university job portal at <https://employment.marquette.edu/postings/7340>

Review of applicants will begin immediately and continue until the position is filled. Inquiries should be directed to Mr. Christopher Mueller (christopher.mueller@marquette.edu).

It is the policy of Marquette University to provide equal employment opportunities (EEO) to all employees and applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status or any other applicable federal or state-protected classification.
