

Vacancy #: 937211

Recruitment Range: Commensurate with Qualifications

Closing Date: Open Until Filled

Organizational Unit Overview

The Department of Kinesiology is one of six departments in the College of Health and Human Performance offering seven academic programs: BS in Exercise Physiology, BS in Health Fitness Specialist, BS in Physical Education, BS in Sports Studies, MAEd in Physical Education, MS in Exercise and Sport Science and a PhD in Bioenergetics and Exercise Science, with the PhD program ranking in the top 20 of the most recent National Academy of Kinesiology and National Research Council rankings. Our internationally known faculty are collaborative, interdisciplinary, and successful in both extramural funded research and innovative teaching. They enthusiastically engage our students in and out of the classroom through interactive lectures, research collaboration, community service projects, as well as other activities. Our distinct research labs support our academic programs as well as provide opportunities for faculty and student research. Faculty and students conduct research in fields related to Exercise Physiology, Cellular Physiology, Biomechanics and Motor Control, Adapted Physical Education, Sport and Exercise Psychology, Physical Activity and Promotion, Sport Management, and diseases affecting the human condition.

Job Duties

The Chair of Kinesiology is the leader of the department and is responsible for promoting quality instruction and mentoring; fostering and supporting diverse forms of scholarship that positively impact the human condition; advocating for faculty and students within the department; and applying expertise in innovative ways that benefit collaborators from campus, the community and the discipline. The selected candidate will value and possess the interest and skills to actively engage with the public including developing and maintaining relationships with alumni and other communities of interest. Excellent skills in managing people, fundraising, research, collaboration, and interpersonal communication also are essential. As the department administrator, the Chair reports directly to the Dean of the College of Health and Human Performance.

East Carolina University seeks to create an environment that fosters the recruitment and retention of a diverse student body, faculty, staff and administration. In order to promote the University's diversity goal, the Department of Kinesiology strongly encourages applicants from historically underrepresented groups.

Minimum Education/Experience

Earned Doctorate in Kinesiology or related field; demonstrated administrative experience; demonstrated record of scholarship, and teaching effectiveness commensurate with tenure at the rank of Associate or Full Professor and appointment to the University Graduate Faculty; evidence of the ability to interact effectively with faculty members, administrators and students; and commitment to diversity in higher education. Qualifying degrees must be received from appropriately accredited institutions.

Preferred Experience, Skills, Training/Education

History of success in obtaining external funding.

Additional Instructions to Applicants

In order to be considered for this position, applicants must complete a candidate profile online via the PeopleAdmin system and submit any requested documents. Additionally, applicants that possess the preferred education and experience must also possess the minimum education/experience, if applicable.

Applications will be considered until position is filled. Please submit an online ECU application for vacancy #937211 to ECU Human Resources at **<http://jobs.ecu.edu>**.

East Carolina University is an Equal Opportunity/Affirmative Action Employer.
