

## **ASSISTANT/ASSOCIATE PROFESSOR**

Department of Cellular and Integrative Physiology  
University of Nebraska Medical Center

The Department of Cellular and Integrative Physiology is seeking applications from candidates for a faculty position at the level of Assistant or Associate Professor. Candidates should employ modern genetic, cellular, molecular, electrophysiological and/or integrative approaches to address questions related to physiology or pathophysiology. We are interested in individuals who apply new and innovative state-of-the-art techniques to address and complement the integrative approaches already ongoing in the department. Priority will be given to candidates with an extramurally funded research program. The successful candidate will also be expected to contribute to teaching medical and graduate students. Outstanding candidates in all areas of physiology will be considered, with special consideration given to investigators who will complement existing strengths of the department, which include Cardiovascular, Cardiopulmonary and Renal Physiology. Candidates must have a Ph.D., M.D. or other equivalent doctoral degree with relevant postdoctoral experience. Highly competitive salary and startup packages, including new state-of-the-art laboratory space, are available.

The Department of Cellular and Integrative Physiology is nationally and internationally recognized in the areas of cardiac physiology, neural control of circulation, renal physiology, and integrative physiology. The department is located in a new building, the Durham Research Center (289,000 sq ft) which houses 116 research laboratories. An adjacent second tower (264,000 sq ft) with 100 research laboratories further enables multi-departmental and multi-disciplinary research interactions. Omaha boasts a metro area population of over 800,000, with a vibrant downtown area, excellent art and entertainment opportunities, outstanding school system, and low cost of living. For more information about the department, please visit our website at <http://www.unmc.edu/physiology/>. Applications are being accepted online at <http://unmc.peopleadmin.com/postings/41568>.
