

## **Adjunct Professor - Anatomy & Physiology LIU Post**

The Department of Biology at Long Island University - Post, located in Brookville NY, seeks qualified individuals for an Adjunct position in Anatomy and Physiology, beginning as early as Summer 2017. The successful candidate's primary responsibilities will be to prepare and teach Human Anatomy and Physiology lecture and lab classes, prepare and oversee examinations and maintain weekly office hours to assist students outside of class. Additional skills include the ability to communicate effectively, orally and in writing. A Master's degree or higher in Biology, or related field is required and applicants must demonstrate a record of successful teaching in Human Anatomy and Physiology at the undergraduate level. Review of applications will begin immediately and will continue until the position is filled. Qualified applicants are invited to submit a cover letter, curriculum vitae and a list of three references to: <http://apptrkr.com/1004715>

*LIU is an equal opportunity employer. LIU is committed to extending equal opportunity in employment to all qualified candidates who can contribute to the diversity and excellence of our academic community. LIU encourages applications from all qualified individuals without regard to race, color, religion, genetic information, sexual orientation, gender and/or gender identity or expression, marital or parental status, national origin, ethnicity, citizenship status, veteran or military status, age, disability or any other basis protected by applicable local, state or federal laws. Hiring is contingent on eligibility to work in the United States.*
