

Don't Want to Feel Disconnected in Canada? Make Sure Your Cell Phone Coverage Travels With You!*

**Follow these helpful tips to make sure
you can stay in contact while travelling
in Montreal:**

1. Contact your cell phone provider and tell them you are travelling to Montreal. You may need to activate a setting such as roaming on your cell phone in order to continue using the device. Or you may need to upgrade to an international plan.
2. Visit your cell phone provider web site and review the coverage maps for your individual plan.
3. Review your current cell phone calling plan and check to make sure you understand any fees or higher costs associated with making or receiving phone calls or text messages within Canada.

*Information based on cell phone plans based in the USA.
