The John F. Perkins, Jr. Memorial Award for International Physiologists promotes cultural exchange and scientific collaborations by providing supplementary aid to families of foreign scientists working for a minimum of 3 months in the U.S. In this way, young scientists are able to bring spouse and children and thus make full use of the cultural exchange as well as the scientific benefits associated with an international collaboration. This award is intended to support the spouse and children’s visit to the US for postdoctoral fellows and junior faculty from overseas. Application for the Perkins Award must be made jointly by the host, who must be an APS member, and the visiting scientist. The recipient receives funds generally not exceeding $5,000.

Applications for the Award are accepted in the spring and fall, with application deadlines of April 15 and October 15. For the October 2017 deadline, the Committee received one application and it was not funded. For the April 2018 deadline, the Committee received two applications and funded one applicant.

Respectfully submitted
Catherine Uyehara, Ph.D., Chair Perkins Committee
