

20th Anniversary Meeting of the Nebraska Physiological Society

SAVE THE DATE!

October 28, 2017

University of Nebraska Mammel Hall
Omaha, Nebraska

*American Physiological Society Sponsored
Keynote Speaker:*

John W. Osborn, PhD

Professor

Marvin and Hadassah Bacaner Endowed Chair in Cardiovascular
Physiology, Department of Integrative Biology and Physiology,
University of Minnesota

Topic:

***Role of afferent and efferent renal nerves in
cardiometabolic diseases***

Debates:

- Education – After completing required coursework, physiology graduate students must concentrate all of their efforts in the research laboratory
- Advocacy – The use of animal models is necessary for the future of biomedical research and development of new therapeutics/cures for human disease.

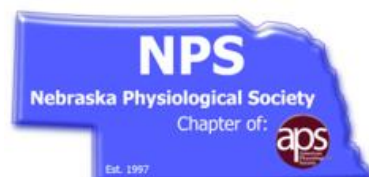

Poster session for student and postdoctoral trainees!
