

31th Meeting of the Ohio Physiological Society
Ohio State University, Columbus, Ohio
November 19, 2016

Abstract Submission Form

Instructions: Complete the presenter information, abstract title, authors, affiliations, and abstract in the table below. Please limit the body of your abstract to 300 words. Your abstract should contain a brief introduction and should be free of jargon. Define abbreviations at their first use (except widely-used abbreviations, e.g., DNA, PCR). Clearly state your aim(s), the hypothesis being tested, the methods used, the results, and your conclusions. If your abstract summarizes a research proposal rather than a completed study, please discuss expected outcomes.

Send completed form to noah.weisleder@osumc.edu by Friday, October 28, 2016.
 This form does not serve as your registration—please also submit a registration form.

Presenting Author Name		Presenting Author is	<i>Graduate student (change as appropriate)</i>
Presenting Author Email		Presenting Author's mentor
