ANNOUNCEMENT

OKLAHOMA SOCIETY OF PHYSIOLOGISTS

31ST ANNUAL MEETING

April 17, 2012

OSU-CHS

Title: Team-Based Learning with High School Students

The Oklahoma Society of Physiologists (OSP) will hold their 31st annual meeting at Oklahoma State University Center for Health Sciences (OSU-CHS) in Tulsa on April 17, 2012. The meeting will actually culminate a three-part series with students from Jenks High School in Jenks, OK. On April 3rd, OSP members will go to JHS and talk with students about the laboratory exercise they will conduct during the week of April 9-13 at Tulsa Community College. Then on April 17 at OSU-CHS, the students will talk about their exercise in a team-based learning format. This combines PhUn week with the OSP meeting. We hope this will lead to future OSP-based PhUn activities.
