

OKLAHOMA SOCIETY OF PHYSIOLOGISTS

32nd ANNUAL MEETING

November 8, 2013

OSU-CHS

Title: Trends in Undergraduate Education and Preparation for Medical School

The Oklahoma Society of Physiologists (OSP) will hold their 32nd annual meeting at Oklahoma State University Center for Health Sciences (OSU-CHS) in Tulsa on November 8, 2013. The meeting will feature two outstanding speakers with expertise in undergraduate education in life sciences. Pre-health advisors at all undergraduate institutions in Oklahoma will be invited to the meeting and will enjoy a lunch and tour of the medical school. The primary goal of the conference is to enhance communication among faculty, students, administrators, and program directors at the state medical schools and undergraduate universities.
