FOR TRAVELERS TO THE FAR EAST

The Department of Health Education and Welfare wishes to remind travelers that the Division of Foreign Quarantine has issued two leaflets that are helpful to persons planning trips to the Western Pacific and the Far East. One is entitled, "So You're Going Abroad: Health Hints for Travelers" (PHS Publication No. 748A); the other "Health Information for Travel in Asia (PHS Publication No. 748C). Each lists the vaccinations required and recommended for travel in that part of the world as well as health protection hints, such as what not to eat or drink. Copies can be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington, D.C. 20402, for 5 cents apiece.
