

## MAJOR REPORT ON PROFESSIONAL WOMEN AND MINORITIES

Professional Women and Minorities - A Manpower Data Resource Service is a comprehensive new study published by the Scientific Manpower Commission for use by educational institutions, industry and government. This 320-page publication brings together for the first time virtually all available data on manpower at professional levels with special emphasis on women and minorities in the natural and social sciences, engineering, arts, humanities, education and the professions, including extensive data sections in the biological, biomedical and all health fields.

Published in loose-leaf format with appropriate subject divider tabs, this four-part reference book includes basic information on affirmative action; manpower data in all fields from more than 100 sources; recruitment resources; a bibliography; and a comprehensive cross index. Approximately 400 tables and charts with breakdowns by sex and/or minority status provide data on enrollments; degrees; and on general, academic and federal workforce participation by field and subfield. Each data resource section, arranged by field, is supplemented with textual highlights of the data and lists of specialized recruitment resources for women and minorities in that field. A continuing subscription service will provide semi-annual updates and supplementary data. Copies of the book at \$40 per copy prepaid or \$41 for invoiced orders are available from the Scientific Manpower Commission, 1776 Massachusetts Avenue, N.W., Washington, DC 20036. Semi-annual supplements will be available at \$20/year.

## ROSTER OF MINORITY AND WOMEN PROFESSIONALS

Roster of Minority and Women Professionals by Janet Brown et al. reports on and outlines most of the current rosters of women and minority professionals, including those used only for seeking qualified persons for appointments to Committees, etc. Available for \$3.95 from the Office of Opportunities in Science, AAAS, 1776 Massachusetts Avenue, N.W., Washington, DC 20036
