

APS Fall Scientific Meeting

OCTOBER 22-27, 1978
CHASE-PARK PLAZA HOTEL
ST. LOUIS, MISSOURI

CALENDER OF EVENTS

Monday A.M. October 23

Tutorial Lectures—Starlight Room

A.R. LIND, The Control of Cardiovascular and Respiratory Responses to Isometric Exercise

DOUGLAS M. GRIGGS, Blood Flow and Metabolism in Different Layers of the Left Ventricle

CARL F. ROTHE, Reflex Control of the Veins in Cardiovascular Function

Slide Session—Tiara Room

N. ALPERT, Cardiac Electro-Physiology

Slide Session—Stockholm Room

JOHN FAULKNER, Smooth and Skeletal Muscle

Slide Session—Empire Room

W.J. STEKIAL, Shock I

Slide Session—Tiara Lounge South

L.C. SENAY, Exercise/Altitude

Slide Session—Zodiac Lounge

R.B. REEVES, Respiration: Blood Gases and Blood Flow

Poster Sessions—Regency Room

Comparative Physiology: Circulation and Respiration
Feeding and Nutrition

Poster Session—Regency Room

Hormonal Control of Metabolism

Teaching Physiology—Exhibit Area

Monday P.M. October 23

Symposium:—Khorassan C

H. RAHN & H.A. SALTZMAN, Man as an Aquatic Mammal: Physiological Effects of Increased Ambient Pressure and Immersion

Tutorial Lectures—Starlight Room

FRANK HERTELENDY, Physiological Regulation of Parturition

JUDITH L. TURGEON, The Neural Control of Ovulation

DONALD H. YORK, Neurophysiology—An Aid to Clinical Medicine

Slide Session—Tiara Room

CAROLE A. WILLIAMS, Coronary Physiology and Pharmacology I

Slide Session—Stockholm Room

R.D. FOREMAN, Neural Control of Circulation I

Slide Session—Empire Room

EUGENE JACOBSON, Shock II

Slide Session—Zodiac Lounge

C.M. BANERJEE, Regulation of Breathing I

Poster Sessions—Regency Room

Cells: Structure, Function and Injury
Exercise

Poster Sessions—Regency Room

Cardiac Dynamics
Cardiac Electrophysiology
Pituitary Hormones
Lactation

Teaching Physiology—Exhibit Area

Tuesday A.M. October 24

Symposium—Khorassan C

R.L. MALVIN, Physiological Effects of Angiotensin

Tutorial Lectures—Starlight Room

THOMAS FORRESTER, Extracellular Nucleotides in Exercise: Possible Effects on Brain Metabolism

L.C. SENAY, Body Fluid Shifts in Response to Heat and Exercise

FRANCIS CHINARD, Endothelial Permeability

Slide Session—Tiara Room

H. SPARKS, Coronary Physiology and Pharmacology II

Slide Session—Stockholm Room

W.S. REHM, Membrane Transport I

Slide Session—Empire Room

C.A. BLAKE, Neuroendocrines

Slide Session—Tiara Lounge South

FRANK E. SOUTH, Hibernation and Cold Exposure I

Slide Session—Zodiac Lounge

M. ROGER FEDDE, Comparative Respiratory Physiology

Poster Sessions—Regency Room

Regulation of Breathing II
Pulmonary Mechanics I
Lung: General
Smooth and Striated Muscle

Teaching Physiology—Exhibit Area

Tuesday P.M. October 24

Symposium—Khorassan C

L. REUSS, Electrophysiology of Epithelial Transport
