Position
The Department of Biological Science at CSU Fullerton, Fullerton CA (https://www.fullerton.edu/biology/) invites applications for a full-time, tenure-track position preferably at the Assistant Professor level in Animal Physiology to begin August 2020. The successful candidate will be expected to maintain an active, externally-funded research program related to any area of animal physiology. Preference will be given to those with a strong research background in animal physiology and those with relevant teaching experience. The successful candidate will be expected to involve undergraduate and Master's students in their research area and be committed to excellence in teaching and mentoring a diverse student population using student-centered learning approaches. Teaching responsibilities will include an upper-division lab-based course in mammalian/human physiology, upper-division or graduate-level courses in the candidate's area of expertise. Candidates that can contribute to curriculum development and supervision of non-major lower-division physiology laboratory courses are preferred. The successful candidate will have the opportunity to join the transdisciplinary Centers for Applied Biotechnology Studies (CABS, http://cabs.fullerton.edu), Catalyst (http://www.fullerton.edu/catalyst/), Computational and Applied Mathematics (CCAM, http://www.fullerton.edu/ccam/), and Desert Studies Center (http://nsm.fullerton.edu/dsc/).

Qualifications
- A strong background in physiology and a Ph.D. in a relevant discipline from an accredited university;
- Relevant postdoctoral experience required and two years preferred;
- A demonstrated potential for maintaining an active, externally-funded research program involving undergraduate and Master's students;
- A strong commitment to excellence in teaching at the undergraduate and Master's level, using student-centered, active-learning, and inquiry-based approaches;
- The ability to teach introductory and intermediate biology courses, lower and upper-division physiology courses, and upper-division or graduate-level courses in the candidate's area of expertise;
- A demonstrated commitment to teaching diverse student populations and ability to communicate effectively with an ethnically, culturally, and socioeconomically diverse campus community.

Appointment Date
August 17, 2020

Application Deadline
Deadline to apply is October 7, 2019. Applications completed by October 7, 2019 will be reviewed; those completed after the due date may be reviewed until a suitable candidate is appointed.

Application Procedure
For full consideration, applicants should submit CV, cover letter, statement of research plans, three recent and relevant peer-reviewed publications, teaching philosophy and diversity statement, and a list of three references with relevant contact information to, https://hr.fullerton.edu/careers/(Job Requisition #493529), prior to October 7, 2019. Letters of recommendation will be required later in the process.

Inquires can be directed to Dr. Kristy Forsgren, AnimalPhysiologySrch@fullerton.edu
