FACULTY POSITION ANNOUNCEMENT
Department of Kinesiology
Iowa State University
Assistant Professor, Exercise Physiology

The Department of Kinesiology (http://www.kin.hs.iastate.edu/) at Iowa State University, Ames, Iowa is seeking to hire a tenure-track assistant professor position in the broad field of exercise physiology. The scope of this position encompasses scientists with an academic background in the biochemical, mechanical or physiological aspects of exercise, human movement, or physical activity.

Applications are invited from individuals with research foci that may use physiological models ranging from the subcellular to whole organism, and involving animal or human models. This is a 9-month tenure-track Assistant Professor position with an anticipated start date in August, 2020. The person who fills this position is expected to develop an externally funded research program, publish in scholarly journals, integrate expertise into teaching at both the undergraduate and graduate levels, and provide relevant University and professional service. The department is particularly interested in candidates who can demonstrate that their research and teaching expertise will complement and extend the expertise now available within the Department of Kinesiology. The successful applicant will have strong departmental support, excellent research infrastructure, collaborative opportunities with relevant units on- and off-campus, and a supportive, collegial work environment. Candidates must have completed the requirements for a doctorate by August 2020 in an appropriate area and have evidence of a focused research program as demonstrated by publication record. Two years of post-doctoral experience, involvement in seeking extramural funding, and college/university teaching experience are highly desirable.

The Department of Kinesiology is one of five academic units in the College of Human Sciences and offers B.S., M.S., and Ph.D. degrees in kinesiology. The department has approximately 1200 undergraduate and 40 graduate students, making it one of the largest academic departments at Iowa State. Department laboratories are well equipped with state of the art facilities. Faculty research and teaching interests address biomechanical, neuromotor, pedagogical, physiological, epidemiological, and psychological perspectives of human movement, physical activity, and health. Outstanding opportunities for collaboration exist within the department and University (https://web.iastate.edu/academics/depts/centers), including the highly regarded College of Veterinary Medicine, the Office of Biotechnology, the federal National Animal Disease Center and a nearby college of osteopathic medicine, Des Moines University. Department faculty and staff have a high level of collegiality and a strong commitment to students.

Iowa State University is classified as a Carnegie Foundation R1 Doctoral University—Very High Research Activity and is a member of the Association of American Universities. About 35,000 students are enrolled and served by 6,000 faculty and staff (see www.iastate.edu). Iowa State faculty and staff receive over $500 million in sponsored funding each year. Iowa State students choose from 100 majors, study with world-class scholars, and hone their leadership skills in more than 800 student organizations. Iowa State is located in Ames (see https://web.iastate.edu/about and https://www.thinkames.com/), a progressive community of 60,000 located approximately 30 minutes north of Des Moines. Ames regularly ranks among the top college towns in the U.S. It is well known for excellent schools, high quality of life, hundreds of acres of parks, numerous bike paths, and cultural festivals and celebrations.
Applications must be submitted online. To apply for this position, visit the Iowa State University Employment Opportunities website at [https://isu.wd1.myworkdayjobs.com/IowaStateJobs](https://isu.wd1.myworkdayjobs.com/IowaStateJobs) and enter “R709” as the search term. Please be prepared to attach or enter the following: 1) letter of application (including full contact information), 2) curriculum vitae, 3) three recent publications, and 4) names and contact information for at least three references. Review of completed applications will begin December 13, 2019 and will continue until the position is filled.

Iowa State University is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, age, religion, sex, sexual orientation, gender identity, genetic information, national origin, marital status, disability, or protected Veteran status and will not be discriminated against. Inquiries can be directed to the Office of Equal Opportunity, 3410 Beardshear Hall, 515 Morrill Road, 515 294-7612, email eooffice@iastate.edu.
