The Departments of Physiology and Pharmacology at the Lewis Katz School of Medicine at Temple University are seeking qualified candidates for a Non-Tenure Track Assistant or Associate Professor position.

Responsibilities include, but are not limited to teaching and directing education in Physiology and Pharmacology to Medical, Dental, Podiatry and Physician Assistant students and to students in a Postbaccalaureate premedical program. Course work may include direction of associated laboratory instruction with the majority of teaching conducted in integrated courses in each of these schools. Teaching of graduate courses in Pharmacology may also be required.

Successful candidates will hold a PhD in Physiology, Pharmacology or a related field, possess credentials for a faculty appointment at the rank of Assistant or Associate Professor, have the ability to instruct students and plan, prepare and deliver lesson plans, ability to establish a record of scholarly activity in Medical Education, possess excellent verbal and written communication skills, as well as the ability to act as course director for Pharmacology and interdisciplinary courses for professional students.

Interested candidates should submit a current curriculum vita and complete contact information, including personal statements summarizing teaching experience, unofficial graduate and undergraduate transcripts, and three letters of recommendation with contact information online: https://bit.ly/2vnLN9J

Contributions to diversity are strongly encouraged.

Please address all applications to: Walter J. Koch, PhD, William Wikoff Smith Endowed Chair in Cardiovascular Medicine, Professor and Chair, Pharmacology, and Professor and Director, Center for Translational Medicine; C/O Michael R. Lester, Senior Director, Physician/Faculty Recruitment and Retention, Lewis Katz School of Medicine at Temple University Email: Michael.lester@tuhs.temple.edu

The University is especially interested in qualified candidates who can contribute through their research, teaching, and/or service to the diversity and excellence of the academic community. Lewis Katz School of Medicine at Temple University is an Affirmative Action/Equal Opportunity Employer and strongly encourages applications from women, minorities, veterans, and persons with disabilities.
