POSITION: Assistant/Associate Professor (50% Research and 50% Teaching), 9-month academic year, tenure-track or tenured appointment in the Department of Foods and Nutrition

RESPONSIBILITIES INCLUDE:
- Develop a nationally recognized and externally-funded program in the area of clinical or translational bone health
- Direct and support research programs of PhD and MS-level students
- Teach undergraduate and graduate courses in dietetics and nutritional sciences areas
- Engage in collaborative and interdisciplinary research programs with faculty in the Department of Foods and Nutrition and in related UGA departments/colleges
- Contribute to activities that serve the department, college, university, the public, and the profession

QUALIFICATIONS: To be considered for the position of Assistant Professor, the applicant must hold an earned doctorate (at time of appointment) in nutrition or a related scientific field. The applicant must have an academic background in the science of nutrition and have demonstrated productivity in bone health research such as the prevention and treatment of osteoporosis and related chronic diseases. The applicant must have demonstrated scholarly competence and research productivity. To be considered for the position of Associate Professor, the applicant must meet the above qualifications, and have attained tenure at a comparable university or have at least four years of experience and an outstanding record of research productivity. To be considered for the Associate Professor level, candidates must demonstrate clear and convincing evidence of emerging stature as a regional or national authority as appropriate for the position. To be eligible for tenure on appointment, candidates must be appointed as an associate professor and bring a demonstrably national reputation to the institution. Faculty expectations for Promotion and Tenure in the Department of Foods & Nutrition are summarized at: [https://provost.uga.edu/_resources/documents/Foods_and_Nutrition_2015.pdf](https://provost.uga.edu/_resources/documents/Foods_and_Nutrition_2015.pdf). UGA Guidelines for Appointment, Promotion, and Tenure can be reviewed here: [https://provost.uga.edu/_resources/documents/UGA_Guidelines_for_APT_4_2017_online.pdf](https://provost.uga.edu/_resources/documents/UGA_Guidelines_for_APT_4_2017_online.pdf).

PREFERRED QUALIFICATIONS: Candidates for the Assistant Professor rank that demonstrate evidence in preparation and submission of external research grants are preferred. Candidates for the Associate Professor rank with at least one funded research grant as PI are preferred. To be considered for the Assistant or Associate Professor rank, at least one year of post-doctoral research experience is preferred and at least one year of experience conducting clinical trials is desirable.

THE UNIVERSITY AND THE DEPARTMENT: The University of Georgia is the flagship Research I land-grant institution in the University System of Georgia. UGA is ranked 13th among in the U.S. News & World Report 2019 ranking of best public national universities. UGA has an enrollment of ~38,000 undergraduate and graduate students and is organized into 17 schools and colleges offering >200 degree programs. Additional information may be found at: [http://www.uga.edu/](http://www.uga.edu/).

The Department of Foods and Nutrition is a unit of the College of Family and Consumer Sciences at the University of Georgia [https://www.fcs.uga.edu/fdn](https://www.fcs.uga.edu/fdn). The department has 25 faculty, 400 undergraduate students majoring in Nutritional Sciences, Dietetics, and Culinary Science and Nutrition as well as 35 graduate students in the PhD and MS thesis graduate degree programs. The Department has strong ties and opportunities for interdisciplinary research programs with Biochemistry and Molecular Biology, Genetics, Animal and Dairy Sciences, Kinesiology, Pharmacy, Physiology, Food Science and Technology, Public Health, Veterinary Medicine, Gerontology, Psychology, the Biomedical and Health Sciences Institute [https://bhsi.uga.edu/](https://bhsi.uga.edu/), and others. The University of Georgia is one of 4 institutions of the NIH funded Georgia Clinical & Translational Alliance which leverages complementary strengths to accelerate clinical and translational research [http://georgiactsa.org/](http://georgiactsa.org/). The Clinical and Translational Research Unit (CTRU) [https://ctru.uga.edu/](https://ctru.uga.edu/), located on the UGA Health Sciences Campus, supports investigators who conduct clinical and translational studies. The CTRU is an initiative of the Augusta University/UGA Medical Partnership and the UGA Office of Research.
THE COMMUNITY: The University of Georgia is located in Athens, Georgia, 70 miles northeast of Atlanta. Athens offers a rich cultural environment interconnected with the university and is perennially identified as one of America’s most livable cities. Additional information can be found at: http://www.visitathensga.com/about-athens/.

SALARY: Commensurate with experience and qualifications. Information regarding fringe benefits may be viewed at http://www.hr.uga.edu.

ANTICIPATED START DATE: August 1, 2020

APPLICATIONS DEADLINE: Complete applications received by December 31, 2019 will be given full consideration; however, the search will remain open until the position is filled. The application packet must include a cover letter of interest that details how the applicant’s credentials and experience meet the needs of the position as well as responsibilities and qualifications detailed in the posting. In addition to a cover letter, complete applications will include a current curriculum vitae and contact information for three references. References will not be contacted without further correspondence with the applicant. All applicants must apply online by submitting materials to UGAJobs website: http://www.ugajobsearch.com/postings/129466.

The University of Georgia is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, ethnicity, age, genetic information, disability, gender identity, sexual orientation, or protected veteran status. Persons needing accommodations or assistance with the accessibility of materials related to this search are encouraged to contact Central HR (hrweb@uga.edu). Please do not contact the department or search committee with such requests. The college welcomes applications and nominations of minorities and others who share our passion about and reflect our desire to support a culture of diversity and inclusion.
