Visiting Assistant Professor of Biology - Physiology. Wabash College invites applications for a one-year Visiting Assistant Professor of Biology position, beginning July 1, 2020. Ph.D. is preferred; ABD considered. The successful candidate will teach an upper-level Physiology course and one or more courses from the following areas: Ecology, Comparative Vertebrate Anatomy, Introductory Biology, or Biology for non-science majors. The teaching load is typically two lecture courses (some team-taught) and two lab sections per semester, and visiting faculty have full access to professional development experiences and funds.

Apply online at http://www.wabash.edu/employment/. At the time of application, please be prepared to upload a cover letter addressing qualifications (including a list of courses the candidate is qualified to teach), resume or curriculum vitae, unofficial transcripts, and contact information for three professional references.

Questions about the position may be directed to Dr. Brad Carlson, Chair, Dept. of Biology (carlsonb@wabash.edu). A review of applications will begin March 6, 2020, and continue until the position is filled.

Wabash College, a liberal arts college for men, seeks faculty and staff committed to providing quality engagement with students, high levels of academic challenge and support, and meaningful diversity experiences that prepare students for life and leadership in a multicultural global world. We welcome applications from persons of all backgrounds. EOE.
