NIH/NHLBI T32 Postdoctoral Fellowship Opportunity in Lung and Vascular Biology
University of Illinois at Chicago
College of Medicine
Department of Pharmacology

The University of Illinois College of Medicine in Chicago invites applications for highly motivated graduating PhD students or postdoctoral fellows with experience in vascular biology, cell signaling, and lung biology to apply to our T32 Postdoctoral Training Program. This program, currently in its 26th year, was borne out of our commitment to providing research training opportunities. Our pre-eminent goal is to provide state-of-the-art research training for an outstanding group of predoctoral and postdoctoral trainees. The training program emphasizes the interdisciplinary nature of contemporary research in an environment that fosters independent and creative thinking, with the objective of training future research leaders. Trainees will be matched with an appropriate faculty mentor. Please see more information about the training program at: http://mcph.uic.edu/lungt32/.

Qualifications: A PhD or MD/PhD or MD degree is required. Experience with biomedical research is also highly desirable. Competitive candidates will have a publication record and excellent communication skills. Due to NIH regulations, candidates must be US citizens or permanent residents.

For further eligibility requirements, please refer to the NIH guidelines for training grant appointments: https://grants.nih.gov/grants/policy/nihgps_2012/nihgps_ch11.htm

To Apply: For fullest consideration, qualified candidates should submit their curriculum vitae electronically no later than May 1, 2020 to Dr. Amelia Mutso at amutso@uic.edu.

The University of Illinois at Chicago is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply. The University of Illinois may conduct background checks on all job candidates upon acceptance of a contingent offer. Background checks will be performed in compliance with the Fair Credit Reporting Act.
